Readers should keep this in mind. Except as required by applicable regulations or by law, the Company disclaims any responsibility to publicly update any forward-looking statements, whether as a result of new information, future events, or otherwise.

Global economy

The global economy is expected to report a moderate further to 3% GDP growth in CY 2023 and 2.9% in CY 2024. Global banks were carrying a historically high debt burden after COVID. Central banks took tight monetary measures to control inflation and spike in commodity prices. Russia's war with Ukraine further affected the global supply chains and inflated the prices of energy and other food items. These factors coupled with war-related economic sanctions impacted the economic activities in Europe.

While China was facing a crisis in the real estate sector and prices of properties were declining, with the reopening of the economy, consumer demand is picking up again. The Chinese authorities have taken a variety of measures, including additional monetary easing, tax relief for corporates, and new vaccination targets for the elderly. The government has also taken steps to help the real estate sector including cracking down on debt-ridden developers, announcing stimulus for the sector and measures to encourage the completion and delivery of unfinished real estate projects. The sector is now witnessing investments from developers and demand from buyers.

Global headline inflation is set to fall from 8.7 % in CY 2022 to 7.0 % in CY 2023, primarily on the back of softening commodity prices. Most of the central banks in the world has been increasing interest rates since CY 2021 to control inflation, and this is having an impact. With the sharp rise in policy rates, vulnerabilities in the banking sector have come into focus. Fears of contagion have risen across the broader financial sector, including non-banking financial institutions with regulators taking action to stabilize the banking system.

Global GDP Growth Scenario

Global economic activities experienced a sharper-than-expected slowdown in CY 2022. One of the highest inflations in decades forced most of the central banks to tighten their fiscal policies. Russia's invasion of Ukraine affected the global food supply resulting in a further increment in the cost of living. As a result, global growth declined from 6.1% in CY 2021 to 3.5% in CY 2022.

In the current scenario, global GDP growth is forecasted to record a moderate growth of 3% in CY 2023 as compared to 3.5 % growth in CY 2022. While high inflation and rising borrowing costs are affecting private consumption, on the other hand, fiscal consolidation is affecting government consumption.

Moderating growth in developed economies will affect the GDP growth in CY 2024 and global GDP is expected to record marginal growth of 2.9% in CY 2024. The current crisis in the housing sector,

bank lending, and industrial sectors are affecting the growth of global GDP. Inflation forced central banks to adopt tight monetary policies. After touching the peak, inflationary pressures are slowly easing out. This environment weighs against interest rate cuts by many monetary authorities. The expectation is therefore still for slowing growth in the second half of CY 2023 and the first half of CY 2024.

Outlook

Private consumption and growth in emerging markets, particularly in Asia, have played a crucial role in sustaining global economic growth throughout 2023. However, the surge in energy and food prices is a growing concern, and this is a trend that demands our vigilant attention. The global economy is now believed to be past the peak interest rates and it indeed at or near the end of the most stringent monetary tightening cycle in recent history. The European Central Bank (ECB) chose to deliver its last blow in the fight against inflation before growth concerns take precedence; the Bank of England (BoE), in a reversal of fortune, opted to pause its tightening cycle, primarily in response to a weak inflation print; and the U.S. Federal Reserve (Fed) held interest rates at current levels, in line with expectations, but maintained a still largely hawkish tone. Meanwhile, several other central banks, both in developed and emerging markets, are opting to either cut interest rates or maintain them at current levels. Moreover, the global economy has avoided the kind of derailment that the most pessimistic analysis suggested at the start of this tightening cycle.

Notably, supply-side shocks have once again emerged as the biggest risk to the global economic outlook. Recent developments in the food and energy markets threaten to undo the hard-earned gains from monetary tightening. Persistently tight global oil supplies, coupled with a recent strike in LNG facilities in Australia (now resolved), have propelled energy costs upward – oil above USD 100/barrel is no longer an anomaly. The recent escalations in the Middle East conflict between Israel and Hamas will only add to these upward pressures. Added to this is a recent surge in food prices, particularly the spike in prices of rice, a staple in many parts of Asia. Regardless of cause – policy choices or weather events – the consequence is backsliding on containing inflation. More importantly, these developments threaten to throw off-balance inflation expectations among consumers, who have been the backbone of economic resilience across markets in 2023 so far.

Among emerging markets, the discussion has long moved away from inflation; central banks across several economies have already begun delivering rate cuts. Generally, the pressure on currencies against the U.S. dollar is quite visible, partly because the Fed is still maintaining its hawkish posture. Region wise, the outlook for Asia Pacific is retained at ‘deteriorating’. Economic growth in the region has been held up by domestic consumption and investments. However, sluggish performance of merchandise exports, which continue to exert downward pressure on economic prospects, remains a challenge. A recovery in the tourism sector has been a bright spot, although it is yet to fully regain pre-pandemic levels. Furthermore, most central banks in the region are now holding interest rates at elevated levels as inflation remains on a downward trajectory. This coincides with firming expectations of higher for longer interest rates in the U.S. Consequently, currencies in the region have generally weakened against the US dollar, reflecting both weakening growth prospects for regional economies and the greenback's strength. In addition to economic challenges, the Asia-Pacific region faces environmental vulnerabilities, with weather events contributing to rising prices, particularly for staples such as rice.

Indian economy

Despite a challenging global economy, India maintained its position as one of the world's fastest growing economies in FY 2023-24, with GDP growing by 8.2%. The Indian economy recorded an increase in disposable income, followed by a strong surge in private consumption. This enabled sustaining the demand for goods and services and augmenting the growth of the country further. Additionally, the strong domestic consumption cushioned the impact of the global headwinds on the Indian economy.

Strong domestic demand for consumption and investment, along with the Government's continued emphasis on capital expenditure were the key drivers of the GDP in FY 2023-24. On the supply side, industry and services sectors played an instrumental role to propel growth. The robust growth of the Indian economy can be largely attributed to the timely intervention of the Reserve Bank of India (RBI) and the Government of India (GOI). The Indian government is making consistent efforts to develop India as an attractive investment destination. With the aim to transform the business environment of the country by attracting foreign direct investment (FDI), India witnessed resilient growth in the gross FDI inflow, amounting to USD 70.95 billion in FY 2023-24. In addition to this, the total FDI equity inflows stands at USD 44.42 Bn³.

The Indian rupee emerged as the third most stable Asian currency against USD in FY 2023-24, reflecting the strength of the Indian economy. Furthermore, the GOI has allocated 3.3% of GDP to the development of infrastructure to bolster the growth of the economy⁵. In FY 2023-24 the Purchasing Managers' Index (PMI) displayed that the manufacturing sector grew by 9.9%⁶, marked by favourable demand conditions. This has significantly contributed to the manufacturing sector's emergence as a primary growth driver of the Indian economy.

India's Paper Industry

India is the world's the 5th largest paper-producing country and the per capita paper consumption is around 15-16 kilograms in FY 2024. India's paper industry is highly fragmented and has a large number of companies with small capacities. The industry needs to have regular access to raw materials including waste paper, at a strategic price level to maintain its operational efficiency and profitability. The paper industry in India is divided into various categories including writing and printing (W&P), paperboard and newsprint. The paperboard accounted for the major share of the market in volume terms. In addition to this, the W&P dominated the market in terms of value.

Opportunities:

- Plastic ban leading to increased use of packing paper – The plastic ban, coupled with heightened environmental consciousness among the public, has spurred demand for environmentally friendly packing paper. This presents significant growth opportunities for the Company's products.
- High demand for the product in the western region – There is a notable demand for our products in the western region, driven by a high population, substantial FMCG and pharmaceutical usage, rapid industrialization, and the presence of numerous packaging-intensive industries. These factors provide us with significant opportunities to expand our market presence and increase sales.
- Growing export demand for the product due to restrictions in China – Major economies have reduced their reliance on China, boosting our export potential in international markets.
- Increased demand due to growth in FMCG – The fast-moving consumer goods (FMCG) sector's expansion drives demand for our packing paper products, aligning with broader industry growth trends.
- High cost of jute/cloth-based packaging bags – The relatively high cost of jute and cloth-based packaging bags makes the Company's paper-based alternatives more attractive and cost-effective for packaging solutions.
- Increasing awareness among people to reduce the usage of plastic-based bags and packaging material – Growing environmental awareness and consumer preferences for sustainable packaging solutions further increase the demand for the Company's products.

Threats:

- Stringent environmental norms – Compliance with increasingly stringent environmental regulations may necessitate additional investments and operational adjustments. The higher costs associated with adhering to these regulatory compliances can impact profitability.
- Large number of organized and unorganized players – The presence of numerous competitors, both organized and unorganized, intensifies market competition and pressure on margins.

- Thin margins – The paper industry is characterized by thin profit margins, which can be further squeezed by fluctuations in raw material prices and other operational costs.
- Fluctuation in raw material prices – With raw material expenses accounting for as high as 63.44% of total revenue in FY 2023, variability in raw material prices, particularly for imported materials, can significantly impact our cost structure and profit margins, as raw materials constitute a major portion of our costs.
- Fluctuation in foreign currency exchange – The Company derived 24.94% of its revenue from exports in FY23 and incurred 42.99% of its total expenses on imports in FY 2023. As a company engaged in international trade, they are exposed to risks associated with foreign currency exchange rate fluctuations, which can affect our import costs and export revenues.
- Limited availability of imported coal and other raw materials – Any disruptions in the supply of imported coal and other essential raw materials could hinder our production capabilities and business continuity.

Risks & Concerns:

Every business face risks and uncertainties, and it is crucial to recognise and address them proactively. In the context of the Company's operations, some concerns include higher waste paper and energy costs, changes in government regulations, and market risks. THREE M acknowledges and assesses these risks, taking appropriate measures to manage them effectively. Risk management is integrated into the Company's business planning and control process, ensuring a comprehensive approach to risk mitigation.

Internal Control System:

The Company has implemented robust internal control systems to safeguard its assets, enhance operational efficiencies, and ensure compliance with statutory requirements. These internal control systems undergo periodic reviews to ensure effective and efficient business conduct. The key objectives of the internal control system are as follows:

Accurate Recording of Transactions: Internal controls are in place to ensure the accurate recording of transactions, supported by internal checks and timely reporting.

Adherence to Accounting Standards: The internal control system ensures compliance with applicable accounting standards, promoting transparency and reliability in financial reporting.

Working Capital Management: Regular reviews of the internal control system are conducted to effectively manage working capital, optimising the Company's financial resources.

Capital Investments and Business Plans: The internal control system includes a review mechanism for capital investments and long-term business plans, ensuring prudent decision making and strategic alignment.

Compliance with Statutes and Regulations: The Company's internal control system is designed to ensure compliance with relevant statutes, policies, and listing regulations, minimising legal and regulatory risks.

Efficient Resource Utilisation and Asset Safety: The internal control system promotes the effective utilisation of resources while ensuring the safety and security of company assets.

Financial Highlights:

In FY 2023-24, revenue from operations stood at Rs.27,223.48 lakhs compared to Rs.32,725.21 lakhs in the previous year, reflecting a decline of 17% over FY 2022-23. EBITDA stood at Rs.2,706.88 lakhs compared to Rs.2,166.30 lakhs in FY 2022-23. Profit after tax increased to Rs.1,126.19 lakhs compared to Rs.652.94 lakhs in the previous year.

The annual outage along with the increase in the cost of raw materials such as waste paper, coal, chemicals and volatility in import materials coupled with low volume output and lower realisations would have been impacted the overall profitability of the Company, however, the managements decision to change the product-mix, reduction in cost and other measures helped for the increase in profitability.

For FY 2023-24, the CARE ratings reaffirmed the ratings of CARE BBB-; stable for long-term facilities and CARE AA; Stable/ CARE A3 for short-term facilities. The ratings took into consideration the Company's balanced capital structure and strong liquidity profile with the availability of surplus liquid investments amidst low debt levels and cushion in the fund-based working capital limits utilisation.

Future Outlook:

Amid various challenges and constraints, your company is committed to undertake suitable measures and adopt strategies to make efforts for achieving its growth momentum in the near future.

INDEPENDENT AUDITOR'S REPORT

To The Members of Three M Paper Boards Limited
(Formerly Known As "Three M Paper Boards Private Limited" &
"Three-M-Paper Manufacturing Company Private Limited")

Report on the Audit of the financial statements

We have audited the accompanying financial statements of **Three M Paper Boards Limited (Formerly Known As "Three M Paper Boards Private limited" and "Three-M-Paper Manufacturing Company Private Limited")** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit and its cash flows for the Year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the financial statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis and Directors Report (the "Reports"), but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for the financial statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibility for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also

responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - A. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - B. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - C. The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.

- D. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- E. On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- F. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- G. With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the period is in accordance with the provisions of section 197 of the Act.
- H. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company does not have any pending litigations which would impact its financial position.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d)
 - i. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company.
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - ii. The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- iii. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (d) (i) and (d) (ii) contain any material mis-statement.
- e) The Company has not paid any dividend during the year and hence, compliance with Section 123 of the Act is not applicable.
- f) As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “**Annexure B**” a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Three M Paper Boards Limited (Formerly Known As "Three M Paper Boards Private limited" and "Three-M-Paper Manufacturing Company Private Limited")** (“the Company”), as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the Year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company and its joint operations companies incorporated in India (retain as applicable) based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note.

- (b) Internal audit is applicable to the Company as per the Provisions of section 138 of the Companies Act, 2013 read with rule 13 of the Companies (Accounts) Rules, 2014. Company has informed that they have appointed Mr. Rushabh Savla, Chartered Accountants, (Firm Reg. No. 0127426W & M.No. 154104) on 11th January, 2024 as internal auditor for the Financial Year 2023-24. However we were unable to obtain the Internal Audit Reports of the Company, hence the Internal Audit Reports have not been considered by us.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the company.
- xvi. In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi) (a) (b) (c) and (d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred cash losses during the financial year and the immediately preceding financial year. Hence reporting under paragraph 3(xvii) of the Order is not applicable to the Company.
- xviii. There has been resignation of the statutory auditors M/s Jain & Trivedi Chartered Accountants of the Company during the year. However, there are no issues, objections or concerns raised by the outgoing auditors which has to be considered.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. According to the information and explanations given to us and based on our examination of books and records of the company there are no unspent amount towards Corporate Social Responsibility (CSR) on either ongoing projects or other than ongoing projects under section 135 of the Act and accordingly, reporting under paragraph 3(xx)(a) and (b) of the order is not applicable to the Company;
- xxi. The company does not have any subsidiary company so consolidated financial statements are not required to prepare.

COMPANY INFORMATION, BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

1 Company Information:

Three M Paper Boards Limited (Formerly known as Three M Paper Boards Private Limited and Three M Paper Manufacturing Company Private Limited) is a Public limited Company incorporated on 26th July, 1989 with its registered office at Royal Industrial Estate, Office No. A, 33/34 5B Naigaon Cross Road, Wadala, Mumbai -400031 Maharashtra. The Company has been changed from Private Limited Company to Limited Company on 29th January, 2024. The Company is primarily engaged in the manufacturing of recycled paper in India and the manufacturers of grey back and white back Duplex Boards for over 30 years. The Company is also engaged in the activity of generation of Wind Energy.

2 Basis of Preparation of Financial Statements:

a) Statements of Compliance:

The Financial Statements are prepared in accordance with Generally Accepted Accounting Principles under the Historical Cost Convention on an accrual basis and on principles of going concern. Accounting Standards notified under Section 133 of the Companies Act, 2013 and the relevant provisions thereof are consistently applied by the Company.

b) Rounding of amounts:

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

c) Use of Estimates and judgements:

The preparation of financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3 Significant Accounting Policies:

3.1 Property, Plant and Equipment:

Property, Plant and Equipment (PPE) acquired are stated at cost, net of tax/duty credit availed and includes amounts added on revaluation, less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Subsequent expenditures relating to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the costs to the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gain or losses are recognized in the statement of profit and loss.

Capital work-in-progress includes cost of PPE under installation / under development as at the balance sheet date. Advances paid towards the acquisition of PPE outstanding at each balance sheet date is classified as capital advances under other noncurrent assets.

Intangible assets are recognized if it is probable that the future economic benefits that are attributable to the assets will flow to the Company and cost of the assets can be measured reliably. Intangible assets are stated at cost of acquisition less accumulated amortization. Intangible assets are amortized over their estimated useful economic life over a period of four years using Straight Line Method.

Leasehold land is amortized over the period of lease.

3.2 Depreciation and Amortization:

The Company depreciates its property, plant and equipment (PPE) over the useful life in the manner prescribed in Schedule II to the Act. Management believes that useful life of assets are same as those prescribed in Schedule II to the Act, except for plant and equipment's wherein based on technical evaluation, useful life has been estimated to be different from that prescribed in Schedule II of the Act.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal, any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the property, plant and equipment is de-recognized.

Depreciation on additions / deletions is calculated pro-rata from the month of such addition / deletion, as the case may be.

Useful life considered for calculation of depreciation for various assets class are as follows

Category of Assets	Useful Life (Years)
Building	30-60
Furniture & Fixture	10
Vehicles*	10
Windmill	19
Computers & Softwares	03
Plant & Machinery used in Mfg of Paper*	19
Plant & Machinery used in Power Generation*	19

*For these class of assets based on internal assessment and independent technical evaluation carried out by external valuers the company estimates the useful life as given above best represents the period over which Company expects to use these assets. Hence the useful life for these assets are different from the useful life as prescribed under Part C of Schedule of Companies Act, 2013

3.3 Revenue Recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The specific recognition criteria described below also be met before revenue is recognised.

Sale of Goods:

Revenue from the sale of goods is recognised, when control of goods being sold is transferred to customer and where there are no longer any unfulfilled obligations. The performance obligations in contracts are considered as fulfilled in accordance with the terms agreed with the respective customers. Revenue include transport charges, insurance and other incidental charges charged to customers.

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Sales as disclosed, are exclusive of Goods and Services Tax.

Revenue arising from sale of Wind Energy is recognised in the succeeding month of generation, when such Wind Energy is invoiced to customer.

Export Incentives:

Income from export incentives and duty drawbacks is recognised on accrual basis when no significant uncertainties as to the amount of consideration that would be derived and as to its ultimate collection exist.

Interest Income:

Interest income is recognized on time proportion basis using the effective interest method.

Interest is recognized on delayed payment by trade receivables as and when debit notes are raised by company on such trade receivables .

Divident Income:

Dividend income is recognized when the right to receive payment is established by the reporting date, which is generally when shareholders approve the same.

3.4 Inventory Valuation:

Inventories such as Raw Materials, Work-in-Progress, Finished Goods, Stock in Trade and Stores & Spares are valued at the lower of cost or net realisable value (except scrap/waste which are value at net realisable value) in line with Accounting Standard 2 ('AS-2') "Valuation of Inventory". The cost is computed on first in first out (FIFO) basis. Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

3.5 Employee Benefits:

Defined Contribution plan:

The Company makes Provident Fund contributions to regulatory authorities for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the provident fund authorities. The Company does not expect any shortfall in the foreseeable future.

Defined benefit plans:

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The plan is managed by a trust and the fund is invested with Life Insurance Corporation of India under its Group Gratuity Scheme. The Company makes annual contributions to gratuity fund and the Company recognizes the liability for gratuity benefits payable in future based on an independent actuarial valuation.

3.6 Current income tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred tax:

Deferred tax resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date as per Accounting Standard - 22 "Accounting for Taxes on Income" notified by The Ministry of Corporate Affairs. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Minimum Alternate Tax:

Minimum Alternate Tax credit is recognized, as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

3.7 Operating Lease:

Lease rentals in respect of assets taken on operating lease are charged to the Profit and Loss Account on Straight line basis over the period of lease term. The accounting for the lease has been done in accordance with the Accounting Standard AS - 19 "Leases" notified by The Ministry of Corporate Affairs.

3.8 Provisions and Contingent Liabilities/Assets:

Provisions are recognised when the Company has a present probable obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount of which can be reliably estimated which are reviewed at each Balance Sheet date. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement. Contingent liabilities are not recognised but are disclosed in notes.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement. Contingent liabilities are not recognised but are disclosed in notes.

Contingent Assets are not recognised in financial statements but are disclosed, since the former treatment may result in the recognition of income that may or may not be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

3.9 Purchases:

Purchase of goods is recognised on receipt into factory premises and purchases include non refundable Taxes and other incidental charges charged by suppliers and it is net of the purchase returns, discounts and quality rebates.

3.10 Foreign currency transactions and translations:

The functional currency of the Company is Indian Rupees (or INR) which is also the presentation currency for the financial statements.

a) Initial Recognition:

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date:

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non- monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in the fair value of the item. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

3.11 Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.12 Segment information:

Information about primary segment:

The Company has one reportable business segment i.e. Paper and Board and two geographical reportable segments i.e. Operations within India and exports. The performance is reviewed by the Board of Directors.
